OFFICE OF PETITIONS

Applicant: Nick E. Ciavarella et al.
Appl. No.: 10/692,906
Filing Date: October 25, 2003
Title: UNIVERSAL COLLAR KEY
Attorney Docket No.: GOJ 03032
Pub. No.: US 2005/0092771 A1
Pub. Date: May 5, 2005

This is a decision on the request for a corrected patent application publication under 37 CFR 1.221(b), received on April 11, 2006, for the above-identified application.

The request is DISMISSED.

The instant request is that the application be republished because the patent application publication contains material errors, as the drawings have been replaced with the contents of another application.

37 CFR 1.221 (b) is applicable "only when the Office makes a material mistake which is apparent from Office records.... Any request for a corrected publication or revised patent application publication other than provided as provided in paragraph (a) of this section must be filed **within two months** from the date of the patent application publication. This period is not extendable." A material mistake must affect the public's ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.¹

The request for corrected publication received on April 11, 2006, was not timely filed under 37 CFR 1.221(b).

The patent application publication was published with the contents of another application. Due to the nature of the errors in this publication, the office will *sua sponte* publish a corrected patent
